AGENDA ITEM SUMMARY

Meeting Date:	June 8, 2021	[X] Consent [] Regular [] Ordinance A P R O V E D
Department: Submitted By: Submitted For:	Engineering and Public Wo Engineering and Public Wo County Engineer	ks BY BOARD OF COUNTY COMMISSIONERS AT MEETING OF JUN J 8 2021
	I. EXECUTIV	MINUTES & RECORDS SECTION

Motion and Title: Staff recommends motion to approve:

- A) an amendment to the Infrastructure Surtax (IST) Project Plan approved by the Board of County Commissioners (BCC) on April 4, 2017, to increase the budget for the Hood Road from Briarlake Drive to west of the Florida Turnpike pathway project (Project) from \$200,000 to \$500,000; and
- B) a budget transfer of 300,000 within the IST Fund from reserves to increase the budget for the Project.

SUMMARY: Approval of the amendment and budget transfer will increase the funding for the Project from \$200,000 to \$500,000. The increase in cost is due to aging estimates within the IST Plan, escalating construction costs, and additional work at the east end of the Project due to unforeseen site conditions caused by a new development's entrance. The \$300,000 will be transferred from the Engineering Department's IST Reserve account. The Sales Tax Oversight Committee reviewed this request at their May 20, 2021 meeting and approved it unanimously. This Project is included in the infrastructure sales tax. District 1 (YBH)

Background and Justification: On November 8, 2016, the voters of Palm Beach County approved a one-penny infrastructure surtax for collections beginning January 1, 2017 and continuing for 10 years or until \$2.7 billion in proceeds are collected before September 1st of any year. Also included was the creation of an oversight committee to audit spending on approved projects for compliance with the following allocations: 50% to the School District, 30% to the County and 20% to the Municipalities. The proceeds of the tax will finance the renewal and replacement of existing capital investments, including roadway surfaces, bridges, drainage improvements, canals, park amenities, government buildings, and projects to maintain levels of service; all of which were deferred during the recession and remain outstanding. A complete list of IST projects (including the Project) along with their associated budgets and funding schedules was approved by the BCC on April 4, 2017. The BCC's approval of this amendment and budget transfer will allow Engineering to proceed with this Project.
