**Palm Beach County Board of County Commissioners**  
301 N Olive Avenue  
West Palm Beach, FL 33401-4700

**RE: Application for County Administrator Position**

Dear Commissioners,

I am writing to respectfully express my interest in the County Administrator position with Palm Beach County. It would be a tremendous honor to serve a county as vibrant, diverse, and forward-thinking as yours. While I do not take lightly the legacy of strong leadership that precedes this opportunity, I am confident that the experience I've gained over the past decade uniquely positions me to contribute in meaningful ways.

As County Administrator for St. Johns County—one of Florida's fastest-growing counties—I've had the privilege of working alongside a dedicated team to navigate extraordinary growth while remaining mindful of fiscal stewardship and community values. Together, we implemented long-range planning models that aimed to balance infrastructure expansion with smart land use and sustainable service delivery.

Much of my journey has been shaped by challenges that demanded resilience and collaboration. I've helped guide our organization through multiple federally declared disasters, including major hurricanes including Matthew, Irma, Nichole, Ian and the COVID-19 pandemic, while overseeing recovery efforts funded through CARES, ARPA, and CDBG-DR programs. These moments underscored the importance of calm leadership and the strength of partnerships at every level.

Additionally, I've worked to protect and preserve our coastline, securing direct appropriations from the U.S. Army Corps of Engineers for large-scale beach renourishment and resiliency projects—efforts that have fortified more than 20 miles of shoreline. I've also been fortunate to help expand economic opportunity through initiatives such as healthcare expansions, major private investment, and targeted recruitment of high-impact employers.

Throughout my career, I've strived to lead with a servant's heart—elevating others, listening well, and building trust across diverse constituencies. I have deep respect for the responsibility entrusted to this role, and should the Board see fit, I would bring not only technical and operational know-how, but a deep commitment to collaboration, transparency, and service to the people of Palm Beach County.

Thank you for considering my application. Please find my resume attached. I would welcome the opportunity to speak with you further about how I might support your vision for the future.

With gratitude,

**Joy Andrews**

County Administrator

St. Johns County, Florida

## JOY ANDREWS

### PROFILE

**Dynamic and results-driven County Administrator** with over 19 years of progressively responsible experience in municipal management, including 10 years in executive leadership roles as County Administrator and Deputy/Assistant County Administrator. Demonstrates a deep commitment to public service through a leadership style rooted in collaboration, transparency, and innovation.

Over the course of a 16-year leadership career, has developed and implemented strategic initiatives across a broad range of disciplines, including infrastructure delivery, growth management, policy modernization, economic development, emergency management, and health and human services. Proven expertise in community engagement, legislative and grant development, public-private partnerships, and destination and cultural asset development.

Currently serving as County Administrator for St. Johns County, Florida, overseeing a growing population of 320,000, an annual operating budget of \$1.8 billion, and a capital improvement budget of \$450 million. Recognized for advancing organizational excellence, driving complex projects to completion, and fostering a culture of openness and accountability in local government.
