D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers, local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their

status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, special needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Once there is a list of eligible applicants, they will be ranked giving first priority to households qualifying as Veterans (i.e active, non-active or surviving spouses of military personnel), Special Needs as defined in 420.0004 (13) and elderly These applicants will further be ranked with priority given to very-low, then low, then moderate income groups.

However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

III. **LHAP Incentive Strategies**

A. **Name of the Incentive Strategy: EXPEDITED PERMITTING**

To ensure the review of affordable housing projects is expedited to a greater degree than other projects, Palm Beach County has instituted a “Pre-Application Review Process”, in which Workforce and Affordable Housing Developers are encouraged to participate. The pre-application review process will occur prior to the submittal of a Zoning or Building permit application, for purposes of establishing a density bonus determination. The pre-application shall be established by the Planning Director, and made available to the public and be subject to Sufficiency Review. The Planning Director shall provide a written density determination letter within ten days of determining the pre-application is sufficient. The determination shall be based on the sector analysis, size, location and development characteristics of the project with consideration given towards affordability, accessibility, proximity to mass transit or employment centers, compatibility, quality of design, pedestrian and vehicular circulation, open space, and resource protection. The Planning Director shall prepare a report for the applicant, Development Review Officer (DRO) Committee, Zoning Commission (ZC), or Board of County Commissioners (BCC), whichever is appropriate, making a determination of compliance with this chapter, consistent with the Plan and recommend approval, approval with conditions, or denial of the request.

Also, Palm Beach County updated its Unified Land Development Code (ULDC) (*located in Article 5, CHAPTER G, Section 1*) ordinance (#2006-055) in 2006. The ULDC allows for the following processes with regards to expedited review for a proposed Affordable Housing Development:

a. **Design Review**

Review of multifamily or townhouse structures by the Building Division and Fire Rescue shall be allowed concurrent with final DRO review, prior to permit application.

b. **Platting**

- 1) If only a boundary plat is required for an existing single lot, building permits may be issued after submittal of the final plat for recordation.
- 2) If a subdivision plat is required, permits will be concurrently reviewed, but only issued at recording of the plat.
- 3) Pursuant to Article 3.E.1.G.1.a, Permits, Building permits may be issued for sales offices, sales models, gatehouses, entry features, and utilities may be issued prior to the recording of a final plat.

This expedited permitting incentive has been in operation since November 2006. More recently, the County began providing expedited processing of building permits for residential construction funded through Department of Housing and Economic Development programs. These efforts typically reduce approval time by approximately 50%.

The County is currently developing a policy and procedure memorandum that will enhance the process for expedited development review and permitting of affordable and workforce housing. This enhanced process will include the designation of a staff liaison who will help guide the development applications through the various approval processes with County agencies.

B. Name of the Incentive Strategy: ONGOING REVIEW OF POLICIES AND PROCESS IMPACTING HOUSING COST

Comprehensive Plan Housing Element Policy 1.1-h calls for the County to review and streamline existing ordinances, codes, and regulations related to the permitting process in order to reduce excessive requirements that increase the cost of housing, and to add other provisions that increase private sector production of affordable housing. The Planning, Zoning, and Building Department (PZB) is designated to lead these efforts, with assistance from the Department of Housing and Economic Development (DHED) and other departments. When considering changes to the Comprehensive Plan or Unified Land Development Code (ULDC) that might increase the cost of housing, PZB regularly solicits review and comment from the DHED. Further, Countywide PPM CW-O-057 requires that an economic impact analysis be prepared for proposed County ordinances that may have an economic impact on commerce, employment, or incomes.

Furthermore, the State requires that all proposed changes to the Unified Land Development Code, Comprehensive Plan, Zoning Code, and Zoning Map are reviewed and approved through a public hearing process. In Palm Beach County, the bodies that perform the review and approval functions are the Land Development Regulation Advisory Board (LDRAB) and the Board of County Commissioners (BCC). The ULDC provides that the composition of the LDRAB include seats specifically for a residential builder (Gold Coast Builder's Association), an architect (American Institute of Architects), and a realtor (Broward, Palm Beaches and St. Lucie Realtors) in addition to other professions. These experts provide input and insight to staff on how proposed changes may impact the cost of housing, and help inform BCC decision making.

C. Name of the Incentive Strategy: INVENTORY OF COUNTY OWNED LANDS SUITABLE FOR AFFORDABLE HOUSING

The Palm Beach County Comprehensive Plan Housing Element, Policy 1.1-i, requires an inventory of all surplus County owned land and foreclosed properties that may be suitable for affordable housing. Surplus properties are those which are vacant but are not (i) currently utilized or (ii) held for some future use. The County's Property and Real Estate Management Division (PREM) is responsible for identification of such properties. DHED is responsible for review of the inventory in order to advise on suitability of properties for affordable housing purposes. PREM will make available through its website a list of potentially surplus properties which will be periodically updated. The list will include all potentially surplus properties, and make no determination or recommendation as to developability or availability of any property as the County reserves the right to revise the list at its discretion. Countywide Policy and

Procedure Memorandum CW-L-023 *Requirements for the Acquisition, Disposition, Lease, and Exchange of Real Property* establishes procedural requirements for disposition of County-owned real estate, including donation to not-for-profit entities. Recipients for disposition of County owned property must be selected through a competitive process, except for not-for-profit recipients whom may be selected on a non-competitive basis, however, all dispositions must be approved by the Board of County Commissioners. PREM will post on its website information on the process for disposition of surplus properties.

- D. **Name of the Incentive Strategy: IMPACT FEE AFFORDABLE HOUSING ASSISTANCE PROGRAM**
- The Impact Fee Affordable Housing Assistance Program (IFAHAP) was developed to implement direction by the Palm Beach County Board of County Commissioners (BCC) to secure a funding source for the creation of affordable housing. In November 2009, the BCC authorized utilization of impact fee investment earnings on roads, parks, and public buildings to support affordable housing within Palm Beach County (R2009-2013). Under IFAHAP, the BCC designates during each budget development process 50% of the investment earnings realized during the prior year on the roads, parks and public building impact fee fund balances, but not to exceed a total of \$3 million annually. Once the Office of Financial Management and Budget establishes the amount of funding available for the IFAHAP, Department of Housing and Economic Development staff advertises a Notice of Funding Availability (NOFA) that offers the funds on a first-come, first-serve basis. The funds are provided in the form of credits to offset impact fees due on new housing development serving up to 140% AMI households. Approved projects must apply for a building permit within two (2) years of approval and be completed within four (4) years. Funds not contracted/awarded to a project within two (2) years and not spent within four (4) years will revert back to the original impact fee type and zone for use on County capital improvement projects.

Additionally, the County allows for the payment of impact fees with development financing provided through the SHIP and HOME programs. The facilitate residential development in the western rural area of the county, no County impact fees are collected in the Glades Region.

The County currently offers on the zoning Division website a free and publically accessible tool for the comprehensive estimation of fees associated with a development application through the ePZB system.

- E. **Name of the Incentive Strategy: FLEXIBLE DENSITIES FOR AFFORDABLE HOUSING**
- The County's Workforce Housing Program (WHP) and Affordable Housing Program (AHP) provide similar opportunities to developers to increase density from 30 up to 100 percent in accordance with the ULDC Article 5.G.1.H.1. (WHP, adopted 2006) and Article 5.G.2.E.1. (AHP, adopted 2010). The County's Transfer of Development Rights Program (TDR) allows a property owner to achieve a density bonus by purchasing the increase in density in new residential developments within the Urban/Suburban Tier in unincorporated Palm Beach County.

Projects requesting a density bonus greater than 30 percent are required to conduct a sector analysis as described in Article 5.G.1.H of the ULDC. [Ord. 2006-055]

- WHP projects, including relocated WHP units, shall be equitably distributed so that there is no undue concentration of very low and low-income households.
- Table 5.G.1.H, WHP Density Bonus Guide indicates the maximum density bonus permitted and the concentration of very low and low-income housing within a sector will be one factor taken into consideration when determining the maximum density bonus permitted.

Table 5.G.1.H - WHP Density Bonus Guide

% of Very Low & Low Income Households in Sector	> 50%	40-50%	20-40%	0-20%
Maximum Density Bonus (1)	up to 40%	up to 60%	up to 80%	up to 100%
[Ord. 2009-01] [Ord. 2010-005]				
Notes:				
1. The Planning Director may recommend a density bonus in excess of the Maximum Density Bonus where the project serves to mitigate existing very low and low-income concentrations by including a mix of higher income market rate units or Medium 1, Medium 2 and Middle Income WHP units. [Ord. 2006-055]				

- Other factors to be considered include:
 - the location of the proposed development and its relationship to the study area;
 - the housing type(s) proposed;
 - if the development site is located within:
 - 1/4 radius of a public park (neighborhood or regional park, not a golf course); civic uses (schools/libraries); a mass transit facility/route; child care facilities; medical facilities; a super market; a community commercial facility; employment opportunities; and
 - 1/2 mile radius of social services; a regional commercial facility; an industrial facility; additional civic uses and employment opportunities.
- Prior to submittal of a WHP pre-application, the applicant shall meet with the Planning Director or designee to establish the sector within which the distribution analysis shall be conducted.
- The boundaries of the sector shall be approved by the Planning Director or designee.
- The maximum density bonus permitted or a bonus in excess of the maximum shall be recommended by the Planning Director or designee. [Ord. 2010-005]

Additionally, County staff is currently researching the concept of establishing a new process or program to allow proposed developments to draft their own custom PDRs for residential developments as done with other Counties in Florida. Zoning Division is exploring establishing a pilot program for Workforce and Affordable housing, with the opportunity to extend other types of residential developments in the future.

F. Name of the Incentive Strategy: RESERVATION OF INFRASTRUCTURE CAPACITY FOR AFFORDABLE AND WORKFORCE HOUSING

The County's Workforce Housing Program (WHP) and Affordable Housing Program (AHP) provide identical "traffic performance standards mitigation" opportunities to developers in accordance with the Unified Land Development Code (ULDC) Article 5.G.1. B.2.f.1. (WHP) and Article 5.G.2.D.2. (AHP). This allows developments with WHP/AHP units to exceed Level of Service D by 30%, increasing the available concurrency for traffic and reserving that traffic for those WHP/AHP developments that need it. Level of Service (LOS) is a measure of the operation of a roadway based upon traffic volumes in relation to road capacity. LOS is represented by the letters A through F with A representing the condition with the least driver delay and F representing conditions with the most driver delay. In general, LOS D describes high-density areas where speed and freedom to maneuver in the roadway is stable but severely restricted.

Traffic Performance Standards (TPS) mitigation for WHP provides for the following:

- WHP Special Methodologies
 - TPS mitigation shall be permitted for WHP projects in accordance with County Comprehensive Plan Transportation Element Policy 1.2-d (4). [Ord. 2006-055] [Ord. 2011-016]
- WHP Traffic Concurrency Hall Pass
 - TPS mitigation shall also include the option of applying for a WHP Traffic Concurrency Hall Pass separate from a development order application. The WHP Traffic Concurrency Hall Pass serves as a provisional traffic concurrency approval for a period of not more than 90 days, during which it must be merged into an application submitted for a Concurrency Reservation approval. The WHP Traffic Concurrency Hall Pass is described further in Art. 2.F. [Ord. 2006-055]

The County's Comprehensive Plan Transportation Element Policy 1.2-d acknowledges that under certain limited circumstances dealing with transportation facilities, countervailing planning and public policy goals may come into conflict with the requirement that adequate public facilities be available concurrent with the impacts of such development. The policy further acknowledges that under certain circumstances, lower level of service standards for specific roadway segments and intersections are appropriate. As a result, the Comprehensive Plan Transportation Element Policy provides for lower transportation facilities level of service standard for certain purposes on roadway segments and intersections as described in Policy 1.2-d.4:

- For the public purpose of allowing developments that include Workforce and Affordable Housing units (as defined in Housing Element Policies 1.5-g and 1.5-i) to be constructed, the level of service standard permitted for all housing units beyond the standard density (as defined in Future Land Use Element Table III.C.1) on affected segments and intersections shall be up to 30% above the LOS D volume on those segments and intersections.

- G. Name of the Incentive Strategy: ALLOWANCE OF AFFORDABLE ACCESSORY RESIDENTIAL UNITS**
Definitions and supplementary standards for specific uses, such as Accessory Dwellings, are included in the County's Unified Land Development Code (ULDC).

According to Article 4.B.1.A.1. (adopted 2005) of the ULDC:

- An accessory dwelling unit is located on the same lot as a principal single-family dwelling. An accessory dwelling is a complete, independent living facility equipped with a kitchen and provisions for sanitation and sleeping.
 - Number of Units
 - A maximum of one accessory dwelling may be permitted as an accessory use to a principal single-family dwelling unit which is owner occupied. The accessory dwelling may be attached to the principal dwelling or freestanding.
 - Maximum Floor Area
 - On less than one acre: 800 square feet.
 - On one acre or more: 1000 square feet.
 - The floor area calculation shall include only the living area of the accessory dwelling under a solid roof. [Ord. 2005-041]
 - Additional Floor Area
 - Floor area under a solid roof that is utilized as a porch, patio, porte cohere, carport, or garage shall not exceed 500 square feet.
 - Maximum Number of Bedrooms/Baths
 - One bedroom and one bathroom.
 - Compatibility
 - The accessory dwelling shall be architecturally compatible in character and materials with the principal dwelling.
 - Property Development Regulations (PDRs)
 - The accessory dwelling shall comply with the PDRs applicable to the principal dwelling.
 - No Separate Ownership
 - The accessory dwelling shall remain accessory to and under the same ownership as the principal dwelling and shall not be subdivided or sold as a condominium.
 - Kitchen Removal
 - An agreement to remove all kitchen equipment shall be executed for the dwelling unit prior to the issuance of a Building Permit. The agreement shall require the kitchen to be removed if the principal dwelling is no longer owner occupied.
 - No Separate Electrical Service
 - Both the principal single-family dwelling and the accessory dwelling shall be connected to the same meter. Separate electric service shall be prohibited. [Ord. 2005-041]

The Planning, Zoning, and Building Department is currently developing a ULDC Amendment proposal that includes use of ADUs and associated requirements for the upcoming amendment round. The process will involve a review of existing requirements, and may identify changes that will facilitate development of accessory dwelling units.

H. Name of the Incentive Strategy: REDUCTION OF PARKING AND SETBACK REQUIREMENTS FOR AFFORDABLE HOUSING

The County's Workforce Housing Program (WHP) and Affordable Housing Program (AHP) provide identical "setback reduction" opportunities to developers in accordance with the Unified Land Development Code (ULDC) Article 5.G.1.B.2.f.3.h. (WHP) and Article 5.G.2.D.4.h. (AHP).

Flexible regulations are described in Article 5.G.2.D.4 of the ULDC and are applicable to:

- Projects with Future Land Use (FLU) designations of:
 - Medium Residential, 5 units per acre (MR-5)
 - High Residential, 8 units per acre (HR-8)
 - High Residential, 12 units per acre (HR-12)
 - High Residential, 18 units per acre (HR-18)
- Projects approved as a Planned Development District (PDD)
- Projects approved as a Traditional Development District (TDD)

Projects with these designations may deviate from the residential requirements of Table 3.D.1.A, Property Development Regulations, or Table 3.D.2.B, Zero Lot Line Property Development Regulations, as follows:

- Single Family Dwelling units may be permitted up to a maximum ten percent deviation for the following Property Development Regulations:
 - lot size;
 - width and frontage;
 - building coverage; and
 - side and rear setbacks.
- Single Family Dwelling units limited to one floor with no loft or other similar feature, may be permitted up to a maximum 20 percent deviation for the following Property Development Regulations:
 - building coverage; and
 - front and side street setbacks.
 - Zero Lot Line lots may be permitted up to a maximum lot width reduction of five feet, and ten percent deviation from the minimum lot size, building coverage, and front setback for units with front loading garages.

I. Name of the Incentive Strategy: ALLOWANCE OF FLEXIBLE LOT CONFIGURATIONS, INCLUDING ZERO-LOT-LINE CONFIGURATIONS FOR AFFORDABLE HOUSING

The County's Comprehensive Plan Concentrations of Affordable Housing Policy 1.5 enables the public, private, and not-for-profit sectors to:

- provide affordable housing
- support the distribution of housing for very low, low, moderate and middle income households
- use the Workforce Housing Program (WHP) and the Affordable Housing Program (AHP) to avoid undue concentrations of very low and low income housing through the County

The Unified Land Development Code (ULDC) allows for "Density Bonus Development Options" for both WHP and AHP developments. The ULDC Article 5.G.1.B.2.f.3.h. (WHP) and Article 5.G.2.D.4.h. (AHP) provide for flexible lot configurations, including zero-lot-line configurations.

J. Name of the Incentive Strategy: SUPPORT FOR AFFORDABLE HOUSING IN TRANSPORTATION ORIENTED DEVELOPMENT

When determining the WHP/AHP density bonus, proximity of the site to mass transit and employment opportunities are considered, thereby providing an incentive for affordable development in closer proximity to the same. Most transit services suitable for TODs and related development opportunities are located in municipal areas, and are not subject to County property development regulations. However, for the unincorporated County, Comprehensive Plan Policy 4.4.9-a requires that not less than 20% of the total residential units of a TOD shall be designated for workforce housing or affordable housing through the associated programs.

The County has identified priority redevelopment areas along segments of Military Trail and Congress Avenue within the Urban Redevelopment Area. Within these areas, the County has designated transect-based land use designations and zoning districts, which place an emphasis on regulating building form and placement in relation to the public realm. These forms support redevelopment that can capitalize on existing bus service on these corridors and provide for development at higher densities than traditional future land use and zoning designation. Additionally, County staff is involved with ongoing transit studies, along with municipal representatives and partner agencies. During January 2021, the County hosted a Mobility Planning Summit that addressed various issues around transportation and land development. The Summit spurred plans for a forthcoming Board of County Commissioners mobility workshop that will provide a venue for a discussion to include residential development at transportation hubs.
