Hal R. Valeche

Shelley Vana

Steven L. Abrams

Mary Lou Berger

Jess R. Santamaria

County Administrator

Robert Weisman

Deputy County Administrator

Verdenia C. Baker

DID YOU KNOW THAT...

- One out of every six Americans is currently living without insurance?
- Close to 80 percent of the uninsured are working families?
- Do you qualify for free coverage?

Join us at our upcoming GTAC meeting and get the facts from the expert!

Florence French, Community Organizer with Enroll America's "Get Covered America Campaign" since June of 2013, will be in attendance to make a presentation on *Enrollment: Connecting individuals to health insurance through the marketplaces.*

Ms. French's presentation is intended to increase public awareness about the new health insurance benefits and health care options made available under the Affordable Care Act (ACA). Ms. French will also provide a summary of what has been accomplished during the first open enrollment period for the health insurance marketplaces and what is being planned for the second enrollment period.

Enroll America, a national non-profit organization, is focused on one goal: maximizing the number of Americans who are enrolled in and retain health coverage. Since her affiliation with Enroll America, Ms. French has identified and reached more than 6,000 uninsured Floridians thanks to her successful outreach efforts in partnership with local libraries, community centers, local businesses, elected officials and many others in Palm Beach County to spread the word about enrollment. In addition, through her outreach efforts, Ms. French has been able to provide consumers all the information they need to get coverage and to remain covered in a health plan that fits their needs and their budget.

We look forward to seeing you and your neighbors!
