### **A. Adoption of Regular Committee Meeting Minutes (February 13, 2025)**

#### **Motion:**

**Discussion: Addition to February 13<sup>th</sup> Minutes:** Maureen Kielian asked about the Opioid settlement dollars from the State Council. Kielian cautioned that we need to remain aware of where and how all opioid dollars are being spent. \$900,000 needs to be tracked. If for an addiction stabilization unit (ASU) model, that did not happen; if used for peer services, it needs to be documented and tracked. If we ask for ASU dollars, that state gave dollars for, will that now be a burden on county dollars. Dr. Green said he would follow up on this.

**Minutes as amended approved.**

### **B. Beyond Co-Occurring: The Intersectionality of Behavioral Health, Substance Use Disorders, HIV and Homelessness – Dr. Casey Messer**

Presentation by Dr. Messer on utilizing a syndemic approach to address behavioral health, substance use disorders, HIV and homelessness. (Slide presentation attached).
