CONSTRUCTION

Palm Beach County uses NIGP codes (National Institute for Government Purchasing) for procurement commodity/service codes. This list includes all of the frequently used codes by our Construction/Design departments.

Vendors can select codes in the VSS portal during registration. Local vendors applying for certification as an SMWBE with the OEBO must be able to provide proof that the commodity code services can be performed with their workforce (no subcontractor utilized to perform the scope of service). Applicants must also provide proof of any equipment used to perform the commodity service requested. As well as a licensed contractor, that can operate the equipment for the requested service.

Contact the OEBO for other eligibility requirements.

AIRPORTS AND BUSINESS

Palm Beach County operates a system of four airports. Each airport plays a role in supporting the needs of the traveling public and general aviation community.

Palm Beach International Airport (PBI) serves both air carriers (airlines) and general aviation aircraft. The airport has a 24 hour control tower and a U.S. Customs & Immigration port of entry facility. The general aviation traffic at PBI has a choice of three fixed base operators.

In addition to PBI, the county operates three general aviation only airports which do not have any air carrier activity: North Palm Beach County General Aviation (F45) in Palm Beach Gardens, FL; Palm Beach County Park Airport (LNA) in Lantana, FL; and Palm Beach County Glades (PHK) in Pahokee, FL.

The current [Airport Bids and Request for Proposals](#) for all of the airports operated by the Palm Beach County Department of Airports are listed on this website and accessible by clicking on the link at the top of this page or also by clicking on the menu item on the left column of this page.

You may also find it helpful to visit the Palm Beach County website at discover.pbcgov.org, for additional information on doing business with Palm Beach County.

All Palm Beach County Solicitations will be advertised on the following site: [PBC Vendor Self Service Website](#) (if you are not registered as a vendor with PBC, register or activate your account at the following link:

<https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService>

1. Existing Vendors must activate their vendor registration account.
2. New Vendors must register as a Palm Beach County Vendor.
3. ALL vendors must verify that the following are CORRECT:

To Receive Email Notifications of Our Solicitations:

All vendors must designate the commodity code(s) for the good(s) and/or service(s) they provide on their Vendor Registration account. For assistance on how to navigate the PBC Self Service Website, Vendors are encouraged to review the [VSS Quick Reference Guide for Solicitations](#).

CCNA Certification: The Palm Beach County Department of Engineering is in charge of the certification process for those vendors that are professionally licensed as architects, engineers, landscape architects, or land surveyors and mappers. All questions regarding the certification process or to apply for CCNA certification, contact the Department of Engineering and Public Works (561) 684-4150.

SMWBE Certification: The Palm Beach County Office of Equal Business Opportunity (OEBO) leads the charge of certifying local small, minority, and/or woman owned businesses. All questions regarding the certification process or to apply for SMWBE certification, contact the OEBO at (561) 616-6840.

BEST WATER, BEST SERVICE & BEST ENVIRONMENTAL STEWARDSHIP

Water Utilities Department (WUD) is one of the County departments delegated construction authority under the County Purchasing Code.

WUD procures goods and services through their Procurement Division and professional and construction services through their Engineering Division. All upcoming bids are found on the VSS and the department's website.

WUD encourages local SMWBE participation on their contracts. By partnering with local businesses, they are not only able to keep Palm Beach County's infrastructure strong, but they are also able to reinvest back into our communities.
