

## Capital Improvement Program 2009-2013 Sources of Funds By Category Total 5 Year Revenues \$1,763,223,000

Revenues for the Capital Improvement Program come from several sources of which Ad Valorem Taxes represent only 9%. As a matter of policy, non ad valorem sources are used to fund capital projects wherever possible.

Gas Tax revenues are authorized by Florida Statutes and include local option gas taxes which the Board has adopted. Gas tax revenues may be used only for road construction and maintenance, bridge maintenance and transportation system expenditures including mass transit.

Impact Fees are levied for growth related projects and are used to fund parks, libraries, public buildings, road construction, fire-rescue and law enforcement projects required due to population growth in the area where the fees were collected.

Grants are received largely from Federal and State sources to contribute towards projects for transportation and environmental concerns such as beach preservation.

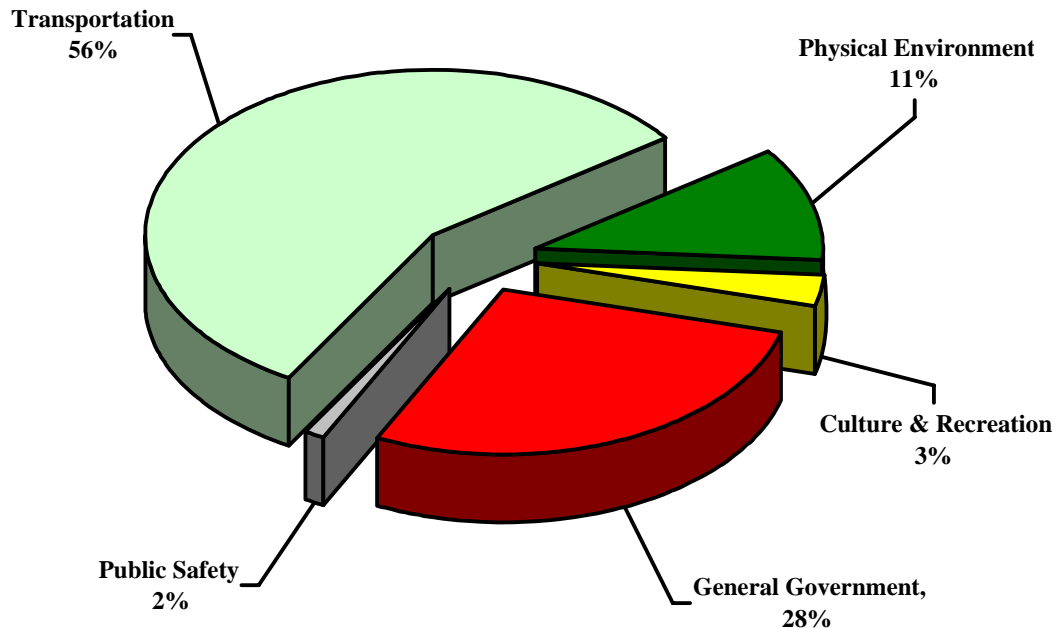

Interest and Other includes interest earnings on temporary cash investments and contributions from private sources.

Tourist tax is a portion of the bed tax on room rentals which is to be used only for beach preservation.

Loans/Bonds represent proceeds from the sale of bonds or other loans from financial institutions.
