**SUBJECT: Capital Project and Reserve Status Report for the
Period Ending March 31, 2019.**

Attached for your information and review are the Capital Project and Reserve Status Report for the period ending March 31, 2019. Summary information on reserves for all County funds is included in this report.

This report contains information on capital projects for Criminal Justice, Environmental Lands (including Beach Improvements), Fire-Rescue, General Government, Libraries, Parks and Recreation, Road Program, Street and Drainage (MSTU), Airports, and Water Utilities.

Also included is a section on reserves that details activity in the various reserve accounts during the reporting period and reserve balances as of March 31, 2019. This section contains a detailed analysis of Road Program reserves and identifies the various projects which are still to be funded from those reserves. For instance, page 66 identifies \$53.4 million in Sweep Reserves. These reserves are currently earmarked for use in the Five Year Road Program.

The report includes sections covering significant contracting activity summarizing major contract awards and contract completions as reported by Contract Development & Control.

IMPACT FEE ANALYSIS

Impact fees are collected in six capital program areas. The areas are: Criminal Justice (Law Enforcement); Fire Rescue; General Government (Public Buildings); Libraries; Parks & Recreation; and Roads. Impact fees are collected in specific benefit zones and must be spent within the same zone. No impact fees are currently imposed for either the Environmental Land/Beach Improvement Program or the Street & Drainage Improvement Program.

An analysis of **available impact fee cash** is included in this section. This analysis presents information on impact fee cash available to be allocated to projects, outstanding encumbrances, allocated projects which still have balances, reserved pending projects that are eligible for impact fee funding, and projects which are projected for the future and are included in the Capital Improvement Program. This information is provided for all programs that utilize impact fees and by specific geographic impact fee benefit zone within each program. Cash available for allocation is total cash in the impact fee fund. Article 13 of the Unified Land Development Code (ULDC) prohibits establishment of a budget for an impact fee funded project until such time as sufficient cash is available to fund the project. This section of the report will assist project and program managers in timing and allocation decisions for their projects.

The Unified Land Development Code (ULDC) Article 13 regulates the collection and expenditure of impact fees in Palm Beach County. Impact fees are required to be encumbered within six years of collection and spent within nine years. Fee payers are entitled to refunds if their fees are not spent or encumbered within those time frames. Article 13 of the ULDC defines encumbered as either reserved or earmarked for a specific expenditure.

Note: As of June 15, 2013, impact fees were no longer collected for Fire Rescue. However, effective August 1, 2019, impact fees for Fire Rescue will be collected.

IMPACT FEE AGING ANALYSIS

This section of the report presents the status of all impact fees by type and benefit zone to facilitate analysis of the age of unspent and unencumbered impact fees. The report shows collections by fiscal year and what amounts of those collections are either unspent or unencumbered at the report date. For this report, encumbrances are defined as actual contracts awarded and in force. This definition is more stringent than the ULDC definition and allows for an early warning of potential problems with untimely spending of impact fees. Information on the Law Enforcement Countywide Impact Fee is presented in the Criminal Justice Impact Fee section. This fee is no longer being imposed but will continue to be reported until all the collections have been spent.

GENERAL FUND

CONTINGENCY RESERVE ANALYSIS

This section provides details on the General Fund contingency reserves, followed by a list of changes during the period and an ending balance.

**GENERAL FUND
CONTINGENCY RESERVE ANALYSIS
PERIOD ENDING MARCH 31, 2019**

Note: Graph represents balance at the end of each month

The beginning FY 2019 General Fund Reserve for Contingencies was \$20,000,000. Various Board approved transfers decreased this original amount to \$14,571,884 as March 31, 2019. At the same time last year, the contingency reserve balance was \$19,860,500.

As of March 31, 2019, the General Fund Reserve for Contingencies decreased by \$5,428,116 (27.1%). This is due to the Board of County Commissioners approving payment for voter tabulation machines to Election System & Software, LLC (\$4,551,316), construction of a new secure lab, office, warehouse facility (\$1,200,000), two positions in Housing & Economic Sustainability along with a grant agreement with Florida Atlantic University (FAU), and an economic development incentive agreement with MobileHelp, LLC (\$195,000). Also, there were two termination agreements and the matching funds were returned to reserves (\$518,200).

As of March 31, 2018, the General Fund Reserve for Contingencies had decreased by \$139,500 (.7%). The beginning balance on October 1, 2017, was \$20,000,000.

BUDGET SUMMARIES

This section identifies the Budget Summary by Project report. This report provides a “one-line” listing for each project showing the current budget, fiscal year spending to date, encumbrances as of the report date and remaining balances. The report provides totals for projects and total program. This report provides information on all funded accounts including those projects which have available project detail reports.

INACTIVE PROJECTS

This section provides a listing of capital budget projects (other than reserve accounts) which have had no expenditure activity during the last year. The list does not distinguish projects by funding source which means the total shown for the list will not have a direct ad valorem tax equivalency.

This listing is being provided to project managers for review and comment. Projects which no longer require funding should be swept into reserves. Project managers should contact the Fixed Assets Division of Financial Management and Budget (FAMO) to initiate the closing out of these projects. Once FAMO completely capitalizes the project, a budget transfer can be processed to sweep the project balance into reserves.
