Initial or "N/A" each service performed per PM type

All items have been inspected and the above indications are true and correct. All safety related defects have been repaired and this vehicle is safe for operational use. All non-safety related defects not repaired are diagnosed and scheduled for repair with all parts needed pulled from stock or ordered. Brake pad linings must be measured from the backing plate. Brake shoe linings must be measured from the rivets.

Preventive Maintenance Inspection and Service Checklist

Date: 06-30-18 Vehicle #: 5119

Circle Service Type: A B C D
Mileage in: 191374 Mileage out: 191376

Service Performed	Service Type	Initial or "N/A" each service performed per PM type
Change oil and filter	A,B,C,D	
Lube chassis and suspension	A,B,C,D	
Lube drive shafts and universal joints	A,B,C,D	
Lube doors and hood, locks and hinges	A,B,C,D	
Adjust service and parking brakes	A,B,C,D	
Drain water from separator	A,B,C,D	
Rotate tires (as necessary, caps on rear)	A,B,C,D	
Change air filter	B,C,D	
Change fuel filter	B,C,D	
Clean or change PCV valve	B,C,D	
Clean or change crank case filter	B,C,D	
Install new wiper blades	B,C,D	
Change transmission fluid and filter	C,D	
Service front wheel bearings	C,D	
Drain water from fuel tank	C,D	
Replace accessory drive belts	D	
Service and flush cooling system	D	
Install new spark plugs & wires	D	
Install new dist. cap & rotor	D	
Change differential fluid	D	
Check Exhaust and EGR system	D	
Check and service fuel & evaporator system	D	
Evac and recharge A/C (add 1 oz. of oil)	D	
Post service test drive (miles)	A,B,C,D	

All items have been inspected and the above indications are true and correct. All safety related defects have been repaired and this vehicle is safe for operational use. All non-safety related defects not repaired are diagnosed and scheduled for repair with all parts needed pulled from stock or ordered. Brake pad linings must be measured from the backing plate. Brake shoe linings must be measured from the rivets.

R/R: 5/32" L/R: 5/32"		
35 Lug nuts condition		
Air pressure adjustment FR. 40 RR. 40		
Wheel torque specs used: 110 ft. lbs.		
G) Lift inspection		
1 Lift operation (fully stowed to fully deployed)		
2 Lift control pendant condition and operation		
3 Lift restraint belt condition and operation		
4 Outer roll stop condition and operation		
5 Inner roll stop condition and operation		
6 Platform adjustments, condition and mounting		
7 Standee arm condition and operation		
8 Proper signage and decals		
9 Manual backup pump condition and operation		
10 Lift manual pump handle		
11 Hydraulic pump condition and operation		
12 Hydraulic lines and cylinders condition		
13 Hydraulic fluid level and condition		
14 Base plate and arms welds & pivot points		
15 Lift springs and pins condition and operation		
16 Lift safety switches and adjustments		
17 Hose and wire routing and connections		
18 Rollers and pivot point condition & operation		
19 Lift to vehicle mounting bolts and brackets		
20 Lift doors condition and operation		
21 Lift door lights condition and operation		
22 Lift interlock operation and condition		
(Lift door open, e-brake down not able to shift)		
(e-brake off lift door closed no lift power)		
23 W/C tie downs condition and operation		
24 Tie down container secure and clean		
25 Tie down floor mounting brackets secure		
26 W/C shoulder belt condition and operation		
27 Lift clean and no sharp edges		
28 Lift shields secure and in good shape		
29 Lift moves steady without drifting, jerking, or unusual speeds		
30 No unusual lift noises		
Lube all lift pivot points, barriers, rollers, linkages and bearings cleaning off all excess lube		
Check, torque or adjust lift base mounting bolts		

Initial each item if it passes inspection and mark each failed item with an "X". Any failed item must be written on a PM Defect sheet and signed off as repaired. Inspections must be completed before services are done with all necessary repairs finished after services are complete. All safety related items must be repaired prior to placing the vehicle in service.

P	F	Item Inspected
		2) Rear blower condition and operation
		3) Defroster operation
		4) Temp gets to 20 deg. F below ambient temp.
		5) Evaporator intake air filter condition
		6) Front heater condition and operation
		7) Rear heater condition and operation
		8) A/C compressors and condenser fans
		E) Under hood inspection
		1) Batteries & charging sys. (load alt B,C,D serv)
		Batt 1 volts: load amps:
		Batt 2 volts: load amps:
		Batt 3 volts: load amps:
		(battery min. loaded volts 9.6v, 1/2 CCA for 15 sec)
		Alt. 1 min volt: max amp:
		Alt. 2 min volt: max amp:
		(reference factory service manual for alternator spec)
		2) Wire and hose routing and connections
		3) Cooling system, hoses, water pump condition
		5) Accessory drive belts condition
		6) Pulleys and tensioned operation & condition
		7) Brake master cylinder and power booster
		8) Fan and fan clutch operation and condition
		9) Engine oil fluid level and condition
		10) Transmission oil level and condition
		11) Power steering fluid level and condition
		12) Brake fluid level and condition
		F) Vehicle rack inspection
		1) Steering gear box mount, condition & leaks
		2) Steering shaft U joints
		3) Steering shaft bearings
		4) Steering linkages
		5) I beam or control arm movements and rivets
		6) Radius arm condition and bushings condition
		7) Stabilizer bar condition and bushings condition
		8) Ball joints or kingpins
		9) Front spring condition and mounting
		10) Front shock absorber operation & condition
		11) Trans oil cooler & lines routing and leaks
		12) Engine oil cooler & lines routing and leaks
		13) Heater and A/C hose routing and leaks
		14) No engine oil leaks and fluid condition
		15) Engine mounts, brackets and bolts
		16) Transmission mounts, brackets and bolts
		17) No transmission oil leaks and fluid condition
		18) Drive shaft condition
		19) Universal joints and carrier bearings condition
		20) No rear differential leaks
		21) Rear differential condition and mounting
		22) Frame and cross members
		23) Rear shock absorbers
		24) Rear springs condition and mounting
		25) No fuel leaks
		26) Fuel tank condition and mounting
		27) No exhaust leaks
		28) Exhaust system condition and mounting

P	F	Item Inspected
		A) Vehicle drive in inspection (5 miles)
		1) Driver carpet
		2) Driver seat condition and operation
		3) Drivers door operation and condition
		4) Drivers seat belt operation and condition
		5) Engine starting and ignition system
		6) Instrument panel gauges & warning lights
		7) Instrument panel lighting & condition
		8) Horn operation
		9) Steering wheel tight, no excessive play
		10) Windshield wipers
		11) Windshield washer
		12) Sun visor condition and operation
		13) Parking brake operation & condition
		14) Parking and service brake pedal pads
		15) Passenger door operation
		16) No vibrations, pulsations or noises
		B) Walk around inspection
		1) Body damage (list on separate sheet)
		2) Headlights, high & low beam operation
		3) Parking lights operation & condition
		4) Marker lights operation & condition
		5) Directional signals operation & condition
		6) Hazard lights operation & condition
		7) Clearance lights operation and condition
		8) Brake lights operation & condition
		9) License plate lamp operation & condition
		10) License plates and tags
		11) Backup lights and alarms
		12) Reflectors and reflective bumper tape
		13) Exterior decals and signage
		14) Bumpers secure / in good condition
		15) Exterior mirrors secure / in good condition
		16) Exterior clean
		C) Interior inspection
		1) Passenger door and steps condition
		2) Handrails and stanchions condition
		3) Interior and modesty panels condition
		4) Flooring condition
		5) Interior lighting operation and condition
		6) Windows operation and condition
		7) Emergency Exits operation & condition
		8) Accessory operation & condition (radio, GPS)
		9) Passenger seats operation & condition
		10) Passenger seat belts operation & condition
		11) First aid & body fluid kits complete
		12) Triangle reflectors complete/good condition
		13) Stop request operation & condition
		14) Valid registration, insurance & accident pack
		15) Fire extinguisher in good condition & signed
		16) Interior decals and signage (incl. electrical)
		17) DVI's reviewed, addressed and signed off
		18) Interior clean
		D) HVAC system inspection
		1) Front blower condition and operation

Item Inspected	Technician Initials
30) Front brake condition and mounting	P
31) Front brake lining condition & measurement	F
Pads R/F: 8 /32" L/F: 8 /32"	F
32) Rear brake condition and mounting	F
33) Rear brake lining condition & measurement	F
Pads R/R: 8 /32" L/R: 8 /32"	F
Shoes R/R: 8 /32" L/R: 8 /32"	N/A
34) Tire and wheel condition and measurements	F
R/F: 9 /32" L/F: 9 /32"	F
R/R: 9 /32" L/R: 9 /32"	F
35) Lug nuts condition	F
Air pressure adjustment FR. 65 RR. 70	F
Wheel torque specs used: 140 ft. lbs.	F
G) Lift inspection	F
1) Lift operation (fully stowed to fully deployed)	F
2) Lift control pendant condition and operation	F
3) Lift restraint belt condition and operation	F
4) Outer roll stop condition and operation	F
5) Inner roll stop condition and operation	F
6) Platform adjustments, condition and mounting	F
7) Standee arm condition and operation	F
8) Proper signage and decals	F
9) Manual backup pump condition and operation	F
10) Lift manual pump handle	F
11) Hydraulic pump condition and operation	F
12) Hydraulic lines and cylinders condition	F
13) Hydraulic fluid level and condition	F
14) Base plate and arms welds & pivot points	F
15) Lift springs and pins condition and operation	F
16) Lift safety switches and adjustments	F
17) Hose and wire routing and connections	F
18) Rollers and pivot point condition & operation	F
19) Lift to vehicle mounting bolts and brackets	F
20) Lift doors condition and operation	F
21) Lift door lights condition and operation	F
22) Lift interlock operation and condition	F
(Lift door open, e-brake down not able to shift)	F
(e-brake off lift door closed no lift power)	F
23) W/C tie downs condition and operation	F
24) Tie down container secure and clean	F
25) Tie down floor mounting brackets secure	F
26) W/C shoulder belt condition and operation	F
27) Lift clean and no sharp edges	F
28) Lift shields secure and in good shape	F
29) Lift moves steady without drifting, jerking, or unusual speeds	F
30) No unusual lift noises	F
Lube all lift pivot points, barriers, rollers, linkages and bearings cleaning off all excess lube	F
Check, torque or adjust lift base mounting bolts	F

All items have been inspected and the above indications are true and correct. All safety related defects have been repaired and this vehicle is safe for operational use. All non-safety related defects not repaired are diagnosed and scheduled for repair with all parts needed pulled from stock or ordered. Brake pad linings must be measured from the backing plate. Brake shoe linings must be measured from the rivets.

Service Performed	Technician Initials
A,B,C,D Change oil and filter	F

Date

All items have been inspected and the above indications are true and correct. All safety related defects have been repaired and this vehicle is safe for operational use. All non-safety related defects not repaired are diagnosed and scheduled for repair with all parts needed pulled from stock or ordered. Brake pad linings must be measured from the backing plate. Brake shoe linings must be measured from the rivets.

Service Performed	Service Type	Initial or "N/A" each service performed per PM type
Change oil and filter	A,B,C,D	F
Lube chassis and suspension	A,B,C,D	F
Lube drive shafts and universal joints	A,B,C,D	F
Lube doors and hood, locks and hinges	A,B,C,D	F
Adjust service and parking brakes	A,B,C,D	F
Drain water from separator	A,B,C,D	F
Rotate tires (as necessary, caps on rear)	A,B,C,D	F
Change air filter	B,C,D	F
Change fuel filter	B,C,D	F
Clean or change PCV valve	B,C,D	F
Clean or change crank case filter	B,C,D	F
Install new wiper blades	B,C,D	F
Change transmission fluid and filter	C,D	F
Service front wheel bearings	C,D	F
Drain water from fuel tank	C,D	F
Replace accessory drive belts	D	F
Service and flush cooling system	D	F
Install new spark plugs & wires	D	F
Install new dist. cap & rotor	D	F
Change differential fluid	D	F
Check Exhaust and EGR system	D	F
Check and service fuel & evap. System	D	F
Evac and recharge A/C (add 1 oz. of oil)	A,B,C,D	F
Post service test drive (5 miles)	A,B,C,D	F

 Mileage In: **225031** Mileage Out: **225033**

Date: **2-6-19** Vehicle #: **5119**

Service Performed	Service Type	Technician's Initials
Change oil and filter	A,B,C,D	
Lube chassis and suspension	A,B,C,D	
Lube drive shafts and universal joints	A,B,C,D	
Lube doors and hood, locks and hinges	A,B,C,D	
Adjust service and parking brakes	A,B,C,D	
Drain water from separator	A,B,C,D	
Rotate tires (as necessary, caps on rear)	A,B,C,D	
Change air filter	B,C,D	
Change fuel filter	B,C,D	
Clean or change PCV valve	B,C,D	
Clean or change crank case filter	B,C,D	
Install new wiper blades	B,C,D	
Change transmission fluid and filter	C,D	
Service front wheel bearings	C,D	
Drain water from fuel tank	C,D	
Replace accessory drive belts	D	
Service and flush cooling system	D	
Install new spark plugs & wires	D	
Install new dist. cap & rotor	D	
Change differential fluid	D	
Check Exhaust and EGR system	D	
Check and service fuel & evap. System	D	
Evac and recharge A/C (add 1 oz. of oil)	D	
Post service test drive (5 miles)	A,B,C,D	

Initial or "N/A" each service performed per PM type

All items have been inspected and the above indications are true and correct. All safety related defects have been repaired and this vehicle is safe for operational use. All non-safety related defects not repaired are diagnosed and scheduled for repair with all parts needed pulled from stock or ordered. Brake pad linings must be measured from the backing plate. Brake shoe linings must be measured from the rivets.

Customer Satisfaction Program 19B40

Your Vehicle Identification Number (VIN): See Listing

At Ford Motor Company, we are committed not only to building high quality, dependable products, but also to building a community of happy, satisfied customers. To demonstrate that commitment, we are providing a no-charge Customer Satisfaction Program for your vehicle with the VIN shown above.

Why are you receiving this notice?

On your vehicle, the single-engaging coast one-way clutch (OWC) inside the transmission may experience a weld concern.

What is the effect?

If this weld fails, it can affect the ability of the transmission to transfer torque to the wheels. If the weld failure occurs while the vehicle is moving, the vehicle will lose drive power, with all normal engine, braking and steering functionality, as if the transmission was shifted into neutral.

What will Ford and your dealer do?

If your E-Series is a shuttle bus and the **Primary Use** is transporting individuals with unique mobility issues (e.g. handicapped, physically disabled, limited mobility, young children requiring adult supervision, medical transport service), Ford Motor Company has authorized your dealer to replace the coast clutch cylinder and replace the single-engaging coast one-way clutch (OWC) with a dual-engaging OWC free of charge (parts and labor) under the terms of this program.

This Customer Satisfaction Program will be in effect until February 21, 2021 regardless of mileage. Coverage is automatically transferred to subsequent owners.

How long will it take?

The time needed for this repair is approximately one full day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do?

Please call your dealer without delay to schedule a service appointment for Customer Satisfaction Program 19B40. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

**What should you do?
(Continued)**

Ford Motor Company wants you to have this service action completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this service action performed on a timely basis. Therefore, please have this service action performed as soon as possible.

NOTE: You can receive information about Recalls and Customer Satisfaction Programs through our FordPass App. The app can be downloaded through the App Store or Google Play. In addition there are other features such as reserving and paying for parking in certain locations and controlling certain functions on your vehicle (lock or unlock doors, remote start) if it is equipped to allow control.

**Have you previously
paid for this repair?**

If you have previously paid for a repair that addresses the issue described in this letter, you may still need to have this service performed. Please contact your dealer to determine whether the updated parts were installed during the previous repair.

If the previously paid for repair was performed before the date of this letter, you may be eligible for a refund. Refunds will only be provided for service related to a 5R110W transmission coast clutch cylinder failure and one-way clutch replacement on shuttle bus vehicles equipped with a 5.4L Engine, which have a primary use to transport individuals with unique mobility issues such as the elderly or handicapped. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer before **February 21, 2021**. To avoid delays, do not send receipts to Ford Motor Company.

**What if you no longer
own this vehicle?**

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

**Can we assist you
further?**

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you have questions or concerns, please contact our **Ford Customer Relationship Center at 1-866-436-7332** and one of our representatives will be happy to assist you. If you wish to contact us through the Internet, our address is: www.Fordowner.com.

For the hearing impaired call 1-800-232-5952 (TDD). Representatives are available Monday through Friday: 8:00AM – 8:00PM (Eastern Time).

FLEET OWNERS: If you have questions or concerns, please contact our **Fleet Customer Information Center at 1-800-34-FLEET**, choose Option #3, and one of our representatives will be happy to assist you. If you wish to contact us through the Internet, our address is: www.fleet.ford.com.

Representatives are available Monday through Friday: 8:00AM - 8:00PM (Eastern Time).

Thank you for your attention to this important matter.

Programa de satisfacción del cliente 19B40

Número de identificación del vehículo (VIN): Vea el listado

El compromiso de Ford Motor Company no es solo fabricar productos confiables y de alta calidad, sino también lograr la plena satisfacción del cliente. Para demostrar este compromiso, le ofrecemos el Programa de satisfacción del cliente sin costo alguno para su vehículo con el VIN que aparece más arriba.

¿Por qué usted recibe este aviso?

El embrague de un solo giro (OWC) de inercia de acoplamiento único en el interior de la transmisión de su vehículo podría experimentar un problema de soldadura.

¿Cuál es el efecto?

Si esta soldadura presenta problemas, la capacidad de la transmisión de transferir la torsión a las ruedas traseras podría verse afectada. Si la soldadura falla cuando el vehículo está en movimiento, este podría perder la potencia de impulsión, con todas las funciones del motor, frenado y dirección normales, como si la transmisión se cambiara a neutral.

¿Qué medidas adoptarán Ford y su distribuidor?

Si su E-Serie es un autobús de transporte y su uso principal es trasladar personas con problemas únicos de movilidad (por ejemplo, personas con discapacidad, impedimentos físicos, movilidad limitada, niños que requieren supervisión de un adulto, servicio de transporte médico), Ford Motor Company ha autorizado a su distribuidor a reemplazar el cilindro del embrague de inercia y reemplazar el embrague de un solo giro (OWC) de inercia de acoplamiento único con el OWC de acoplamiento doble, sin costo alguno (piezas y mano de obra), conforme a los términos de este programa.

Este Programa de satisfacción del cliente tendrá vigencia hasta el 21 de febrero de 2021, independientemente del millaje. La cobertura se transfiere automáticamente a los siguientes propietarios.

¿Cuánto tiempo tomará?

El tiempo necesario para realizar esta reparación es, aproximadamente, un día. Sin embargo, debido a los requisitos de planificación de servicio, es posible que su distribuidor tarde un poco más.

¿Qué debe hacer?

Llame a su distribuidor lo antes posible para que programe una cita de servicio para realizar el Programa de satisfacción del cliente 19B40. Proporcione el VIN a su distribuidor, el cual está impreso debajo de sus datos al comienzo de esta carta.

Si aún no tiene un distribuidor para realizar el servicio, puede acceder a www.Fordowner.com para conocer las direcciones de los distribuidores, ver mapas y obtener las instrucciones para llegar.

**¿Qué debe hacer?
(continuación)**

Ford Motor Company le recomienda realizar esta acción de servicio en su vehículo. El propietario del vehículo es responsable de realizar los arreglos para llevar a cabo el trabajo. Ford Motor Company puede negar la cobertura en caso de que el vehículo hubiese sufrido daños por no haber realizado la acción de servicio de manera oportuna. Por lo tanto, le solicitamos que realice esta acción de servicio lo antes posible.

NOTA: puede recibir información sobre las campañas y los programas de satisfacción del cliente a través de la aplicación FordPass. La aplicación se puede descargar a través de App Store o Google Play. Adicionalmente, existen otras funciones, como reserva y pago de estacionamientos en ciertos lugares, además de control de ciertas funciones en el vehículo (bloqueo y desbloqueo de puertas, arranque remoto) si así está equipado para permitir el control.

**¿Ha pagado
anteriormente por esta
reparación?**

Si usted ha pagado previamente por la reparación que aborda el problema descrito en esta carta, igualmente debería realizar este servicio. Póngase en contacto con su distribuidor para determinar si las piezas actualizadas se instalaron durante la reparación previa.

Si el pago por esta reparación se efectuó antes de la fecha de esta carta, podrá solicitar un reembolso. Solo se otorgarán reembolsos por servicios relacionados con desperfectos del cilindro del embrague de inercia de la transmisión 5R110W y el reemplazo del embrague de un solo giro en autobuses de transporte equipados con motor 5.4L, cuyo uso principal sea trasladar personas con problemas únicos de movilidad, como ancianos o discapacitados. Para comprobar si cumple con los requisitos y agilizar el reembolso, entregue el recibo de pago original a su distribuidor antes del **21 de febrero de 2021**. Para evitar demoras, no envíe los recibos a Ford Motor Company.

**¿Qué pasa si usted ya
no es el propietario
del vehículo?**

Si usted ya no es el propietario del vehículo y tiene la dirección del propietario actual, le solicitamos que le reenvíe esta carta.

Este aviso lo recibió porque en nuestros archivos, basados principalmente en datos de registro y propiedad de los EE. UU., aparece usted como el propietario actual.

**¿Podemos hacer algo
más por usted?**

Si tiene problemas para reparar de inmediato su vehículo y sin costo alguno, comuníquese con el gerente de servicio de su distribuidor para solicitar ayuda.

PROPIETARIOS MINORISTAS: Si tiene dudas o preguntas, comuníquese con nuestro **Centro de Relación con Clientes Ford al 1-866-436-7332** y uno de nuestros representantes con gusto lo atenderá. Si desea comunicarse con nosotros a través de Internet, nuestra dirección es: www.Fordowner.com.

Las personas con problemas de audición pueden llamar al 1-800-232-5952 (TDD). Los representantes atienden de lunes a viernes, 8:00 a.m. a 8:00 p.m. (hora del este).

PROPIETARIOS DE FLOTAS: Si tiene dudas o preguntas, comuníquese con nuestro **Centro de Información a Clientes de flotas al 1-800-34-FLEET**, elija la opción n.º 3 y uno de nuestros representantes con gusto lo atenderá. Si desea comunicarse con nosotros a través de Internet, nuestra dirección es: www.fleet.ford.com.

Los representantes atienden de lunes a viernes, 8:00 a.m. a 8:00 p.m. (hora del este).

Gracias por su atención en este asunto sumamente importante.
