Problem: Driver operating the truck said that there is a smell like something is leaking.

Work Completed

- diag smell concern in cab, inspect cabin filters no issues found. spray a/c odor eliminator. inspect coolant reservoir for correct fluid level. fluid level ok. talk to operator , likely odor coming from regeneration during long idle time.
- perform long test drive. look for any signs of smell. no signs of smell .
- diag no Pto function, check all fuses and wires . check pressure switch , suspect faulty pressure switch. issues still present. found loose wire on battery terminal. tighten and try Pto. no issues found.
- diag trailer lights intermittent concern . inspect trailer side plug and lights. 2 bulbs out but ok. check truck side broke pin and loose corroded wiring on back of plug . replace and check again. no concern found, all lights working properly
