David Juhe
Palm Beach County, Department of Community Services
50 S. Military Trail, Suite 110
West Palm Beach, FL 33415-3199

Dear David Juhe:

This letter certifies that Groupware Technologies, LLC. (GT) is the sole source of the Provide[®] Enterprise Care Management software system and support services for it. The program was developed by and is the sole property of GT and we do not have any third-party resellers or certified support providers. All licenses, maintenance and support of the Provide Enterprise Care Management software system are available only through GT.

The Provide[®] Enterprise Care Management software has a number of unique features that make it particularly effective in helping Palm Beach County meet federal data collection and reporting requirements. GT has also added a number of key data collection and reporting features to support unique Palm Beach County requirements as well as an invoicing and contract management system.

GT firmly believes that Palm Beach County would not be able to find another vendor to step in with a similar software product that offers the complete services of the Provide[®] Enterprise Care Management software system. Even a lesser product would cost significantly more dollars to be purchased, configured to the unique requirements of Palm Beach County and the agencies using it, deployed and train users.

Sincerely,

Andy Nunemaker, CEO
