CODE COMPLIANCE
SPECIAL MAGISTRATE HEARING AGENDA
DECEMBER 10, 2025 9:00 AM

5	<p>Details: 8. Dumpsters</p> <p>Each use shall provide a method for the removal of refuse when individual collection, from a licensed solid waste hauler is not provided. All outdoor receptacles for the storage and disposal of refuse, vegetation, and recyclable material, such as dumpsters, trash compactors, and recycling containers, shall meet the following standards:</p> <p>a. Storage Area</p> <p>A minimum of one refuse container and one recycling container shall be provided for each nonresidential project and Multifamily projects with 16 units or more. All outdoor receptacles shall be stored in a storage area. Storage areas shall have a minimum dimension of ten feet by ten feet. [Ord. 2018-002] [Ord. 2021-023]</p> <p>b. Location</p> <p>Shall be located to minimize turning and back-up movements by pick-up and removal vehicles, and shall not encroach into easements, landscape buffers, or parking spaces. [Ord. 2018-002] [Ord. 2021-023]</p> <p>c. Setback</p> <p>1) Shall comply with Art. 3.E.2.E.2.b, Design when located in a Commercial Pod of a PUD. [Ord. 2018-002] [Ord. 2021-023]</p> <p>2) Shall be set back a minimum of 25 feet from all property lines adjacent to residential zoning districts and uses. If adjacent to a non-residential zoning district or use, the landscape buffer width shall serve as the setback. [Ord. 2018-002] [Ord. 2021-023]</p> <p>d. Screening</p> <p>Shall be screened from view by a solid opaque enclosure. The open end of the enclosure shall have an opaque gate which provides a minimum of ten feet of clearance when open for service. All exposed exterior sides of the enclosure, other than the open end, shall be landscaped with one 36-inch-high shrub planted 24 inches on center. If improvements are proposed for previously approved storage areas, screening shall be provided to the greatest extent possible. Enclosure vegetation</p> <p>Unified Land Development Code Supplement No. 32 (Printed 12/24) Article 5 – Supplementary Standards Page 22</p> <p>planting shall not be required in any location where the planting overlaps a buffer. [Ord. 2018-002]</p> <p>Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required permit. More specifically, several unscreened, unpermitted dumpsters.</p> <p>Code: PBC Amendments to FBC 8th Edition (2023) - 105.1 Unified Land Development Code - 5.B.1.A.8.</p> <p>Issued: 04/30/2025 Status: CLS</p>

2023 Florida Building Code, Accessibility, Eighth Edition
407.1 General.

Elevators shall comply with 407 and with ASME A17.1 (incorporated by reference, see “Referenced Standards” in Chapter 1). They shall be passenger elevators as classified by ASME A17.1. Elevator operation shall be automatic.
Advisory 407.1 General. The ADA and other Federal civil rights laws require that accessible features be maintained in working order so that they are accessible to and usable by those people they are intended to benefit. Building owners should note that the ASME Safety Code for Elevators and Escalators requires routine maintenance and inspections. Isolated or temporary interruptions in service due to maintenance or repairs may be unavoidable; however, failure to take prompt action to effect repairs could constitute a violation of Federal laws and these requirements.

Specifically, the elevator is not being offered to the general public for use.

Details:

All construction activity regulated by this code shall be performed in a manner so as not to adversely impact the condition of adjacent property, unless such activity is permitted to affect said property pursuant to a consent granted by the applicable property owner, under terms or conditions agreeable to the applicable property owner. This includes, but is not limited to, the control of dust, noise, water or drainage runoffs, debris, and the storage of construction materials. New construction activity shall not adversely impact legal historic surface water drainage flows serving adjacent properties, and may require special drainage design complying with engineering standards to preserve the positive drainage patterns of the affected sites. Accordingly, developers, contractors and owners of all new residential development, including additions, pools, patios, driveways, decks or similar items, on existing properties resulting in a significant decrease of permeable land area on any parcel or has altered the drainage flow on the developed property shall, as a permit condition, provide a professionally prepared drainage plan clearly indicating compliance with this paragraph. Upon completion of the improvement, a certification from a licensed professional, as appropriate under Florida law, shall be submitted to the inspector in order to receive approval of the final inspection. More specifically, fill has been brought onto property without a site development/fill permit.

1	<p>Details: All construction activity regulated by this code shall be performed in a manner so as not to adversely impact the condition of adjacent property, unless such activity is permitted to affect said property pursuant to a consent granted by the applicable property owner, under terms or conditions agreeable to the applicable property owner. This includes, but is not limited to, the control of dust, noise, water or drainage runoffs, debris, and the storage of construction materials. New construction activity shall not adversely impact legal historic surface water drainage flows serving adjacent properties, and may require special drainage design complying with engineering standards to preserve the positive drainage patterns of the affected sites. Accordingly, developers, contractors and owners of all new residential development, including additions, pools, patios, driveways, decks or similar items, on existing properties resulting in a significant decrease of permeable land area on any parcel or has altered the drainage flow on the developed property shall, as a permit condition, provide a professionally prepared drainage plan clearly indicating compliance with this paragraph. Upon completion of the improvement, a certification from a licensed professional, as appropriate under Florida law, shall be submitted to the inspector in order to receive approval of the final inspection.</p> <p>More specifically, the construction on the property is being conducted without the proper site development permits.</p> <p>Code: PBC Amendments to FBC 8th Edition (2023) - 110.10 Issued: 06/26/2025 Status: CCH</p>

SPECIAL MAGISTRATE HEARING AGENDA
DECEMBER 10, 2025 9:00 AM

- 2

Details: Portable storage containers may be used for the temporary storage of goods for residential uses subject to the following requirements, and shall be exempt from the Zoning Division and Building Permit review:
[Ord. 2017-025] [Ord. 2019-005]

a. A maximum of one container 16 feet in length, eight feet in width, and eight feet in height may be allowed, for no more than two times a year for a maximum of 15 days each time; [Ord. 2017-025]

b. Shall be located on driveways not to overlap easements, sidewalks, or R-O-W.

Please REMOVE the portable storage container off the property.

Code: Unified Land Development Code - 5.B.1.C.4

Issued: 07/23/2025 **Status:** SIT
- 3

Details: Hedges may be planted and maintained along or adjacent to a residential lot line, as follows:

1) Hedges shall not exceed six feet in height in AR/RSA zoning, and four feet in height in all other residential zoning districts, when located within the required front setback.

2) Hedges shall not exceed ten feet in height when located on or adjacent to the side, side street, or rear property lines.

Prune and maintain hedge height at no more than the maximum allowable height of four feet in the required front yard and ten feet in the side or rear yard.

Code: Unified Land Development Code - 7.D.4.A.1.a

Issued: 07/23/2025 **Status:** SIT
- 4

Details: The provisions of this Code shall apply to the development of all land in unincorporated PBC, unless stated otherwise. No development shall be undertaken unless authorized by a Development Order.

The development or use of the property is inconsistent with the approved Development Order, or there is no approved Development Order and implementing Development Permit. The provisions of the ULDC shall apply to the development of all land in the unincorporated Palm Beach County unless stated otherwise. No development shall be undertaken unless authorized by a Development Order.

This property has approval for a Single-Family Dwelling within the AR/RSA Zoning District. More specifically, cease operating or allowing to be operated, a contractors storage yard on your residential property.

The use of the property needs to be brought into compliance with the Unified Land Development Code. To discuss this property's approved development order or approvals, contact the Zoning Division at PZB-ZoningCompliance@pbc.gov or 561-233-5200.

CODE COMPLIANCE
SPECIAL MAGISTRATE HEARING AGENDA
DECEMBER 10, 2025 9:00 AM

- 9

Details: Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required permit. More specifically, FRONT/ADDTION/STRUCTURE #3 has been erected or installed without a valid building permit.

A certificate of completion is proof that a structure or system is complete and for certain types of permits is released for use and may be connected to a utility system. This certificate does not grant authority to occupy a building, such as shell building, prior to the issuance of a certificate of occupancy. More specifically, FRONT/ADDTION/STRUCTURE #3.

Obtain a Certificate of Completion for FRONT/ADDTION/STRUCTURE #3 permit.

Code: PBC Amendments to FBC 8th Edition (2023) - 105.1
PBC Amendments to FBC 8th Edition (2023) - 111.5

Issued: 05/13/2025 **Status:** CLS
- 10

Details: Garbage Carts and Yard Waste Containers shall be placed at the Collection Point no earlier than 3:00 p.m. on the day preceding the day upon which collection is customarily made. Garbage Carts and Yard Waste Containers shall be removed from the Collection Point on the same day collection is scheduled to occur.

Except when placed for collection service in accordance with subsection 25-1(c)(1)a.-f., Garbage Carts and Yard Waste Containers shall be placed in a storage location within, adjacent to, or behind a structure, building, fence, landscaping, or other barrier which substantially screens the view of the Garbage Carts and Yard Waste Containers from the street or public right-of-way.

Store garbage containers so that they are screened from view from streets or public right-of-way.

Code: Palm Beach County Codes & Ordinances - Chapter 25-1(c)(1)a. & b.
Palm Beach County Codes & Ordinances - Chapter 25-1(c)(1)g.

Code: PBC Amendments to FBC 8th Edition (2023) - 105.1
PBC Amendments to FBC 8th Edition (2023) - 111.1
Issued: 05/07/2025 **Status:** SIT

6 **Details:** Garbage Carts and Yard Waste Containers shall be placed at the Collection Point no earlier than 3:00 p.m. on the day preceding the day upon which collection is customarily made. Garbage Carts and Yard Waste Containers shall be removed from the Collection Point on the same day collection is scheduled to occur.

Except when placed for collection service in accordance with subsection 25-1(c)(1)a.-f., Garbage Carts and Yard Waste Containers shall be placed in a storage location within, adjacent to, or behind a structure, building, fence, landscaping, or other barrier which substantially screens the view of the Garbage Carts and Yard Waste Containers from the street or public right-of-way.

Store garbage containers so that they are screened from view from streets or public right-of-way.

Code: Palm Beach County Codes & Ordinances - Chapter 25-1(c)(1)a. & b.
Palm Beach County Codes & Ordinances - Chapter 25-1(c)(1)g.
Issued: 05/07/2025 **Status:** SIT

7 **Details:** It shall be unlawful for the owner or occupant of a building, structure or property to utilize the premises of such property for the open storage of any motor vehicle which is inoperable and in a state of disrepair, appliances, glass, building material, construction debris, automotive parts, tires, vegetative debris, garbage, trash or similar items.

Remove all open/outdoor storage of inoperable vehicles, appliances, glass, building material, construction debris, automotive parts, tires, vegetative debris, garbage, trash or similar items on the property.

Code: Palm Beach County Property Maintenance Code - Section 14-35 (a)
Issued: 05/07/2025 **Status:** SIT

9 **Details:** A maximum of one recreational vehicle and any two or a maximum of three of the following, may be parked outdoors on a residential parcel with a residential unit: sports vehicle or marine vessel with accompanying trailers; and trailers may be parked outdoors in a residential district.

Cease allowing the number of recreational vehicles, boats, sports vehicles and/or trailers to exceed the maximum permitted by Code. For questions on vehicle storage,

contact the Zoning Division at PZB-ZoningCompliance@pbcc.gov or 561-233-5200.

CODE COMPLIANCE
SPECIAL MAGISTRATE HEARING AGENDA
DECEMBER 10, 2025 9:00 AM

- 2

Details: A swimming pool shall have a pool barrier that meets the requirements of the Florida Building Code pool barrier requirements in effect at the time of construction of the pool, or, if constructed before such requirements went into effect, shall have a barrier that meets all of the following minimum requirements:
a. The barrier must be at least four (4) feet high on the outside.
b. The barrier may not have any gaps, openings, indentations, protrusions, or structural components that could allow a young child to crawl under, squeeze through, or climb over the barrier.
c. The barrier must be placed around the perimeter of the pool and must be separate from any fence, wall, or other enclosure surrounding the yard unless the fence, wall, or other enclosure or portion thereof is situated on the perimeter of the pool, is being used as part of the barrier, and meets the barrier requirements of this section. A wall of a dwelling may serve as part of the barrier if it does not contain any door

>> Install, repair, and maintain the swimming pool barrier in accordance with the Florida Building Code.

cc: Amb Ibm Llc

Agenda No.: 061

Respondent: Ferrari, Edith

Situs Address: 15668 74th St N, Loxahatchee, FL

PCN: 00-41-42-30-00-000-7270

Violations:

Complexity Level: -

Case No: C-2025-07030001

Zoned: AR

Status: Active

CEO: Christina G Stodd

1

Details: Maintenance of grassed areas and low-growing vegetation shall include weeding, watering, fertilizing, pruning, mowing, edging or any other actions needed consistent with acceptable horticultural practices.

Code: Palm Beach County Property Maintenance Code - Section 14-32 (c) (2)

Issued: 07/18/2025

Status: CLS

2

Details: It shall be unlawful for the owner or occupant of a building, structure or property to utilize the premises of such property for the open storage of any motor vehicle which is inoperable and in a state of disrepair, appliances, glass, building material, construction debris, automotive parts, tires, vegetative debris, garbage, trash or similar items. More specifically but not limited to, tires, construction debris, appliances and other various debris observed openly stored in the front of the property in the swale and on the west side of the yard.

Code: Palm Beach County Property Maintenance Code - Section 14-35 (a)

Issued: 07/18/2025

Status: SIT

5

Details: Vegetation. The following vegetation is prohibited:
(1) All diseased or damaged limbs or foliage that present a hazard.
(2) Vegetation that constitutes a fire hazard.
(3) Vegetation that impedes or obstructs adequate view of an intersection, traffic sign, railroad crossing or traffic from any street, road or highway.

More specifically, remove the 3 dead pine trees on the southwest side of the yard next to the fence.

2

Details: Development other than Buildings and Structures: The Floodplain Administrator shall inspect all Development to determine compliance with the requirements of this Article and the conditions of issued Floodplain Development Permits or Approvals.

On all new, permitted construction, regardless of flood zone designation, grading shall keep all rainfall and runoff flow on the Building site until discharged into the roadway drainage system or to public drainage ways adjacent to the property lines. Berms shall be constructed along lot lines, if necessary, to prevent stormwater flow directly onto adjacent properties. Erosion sedimentation off the Building site shall be controlled until vegetative cover is established. The Floodplain Administrator may require grading plans showing pre-construction and proposed finish earth grades. More specifically please obtain a site development permit for filling in the pond.

Code: Unified Land Development Code - 18.A.6.B & 18.D.5.A.1

Issued: 04/17/2025

SPECIAL MAGISTRATE HEARING AGENDA

DECEMBER 10, 2025 9:00 AM

	<div>3</div> <div><div>Details:</div><div>All construction activity regulated by this code shall be performed in a manner so as not to adversely impact the condition of adjacent property, unless such activity is permitted to affect said property pursuant to a consent granted by the applicable property owner, under terms or conditions agreeable to the applicable property owner. This includes, but is not limited to, the control of dust, noise, water or drainage runoffs, debris, and the storage of construction materials. New construction activity shall not adversely impact legal historic surface water drainage flows serving adjacent properties, and may require special drainage design complying with engineering standards to preserve the positive drainage patterns of the affected sites. Accordingly, developers, contractors and owners of all new residential development, including additions, pools, patios, driveways, decks or similar items, on existing properties resulting in a significant decrease of permeable land area on any parcel or has altered the drainage flow on the developed property shall, as a permit condition, provide a professionally prepared drainage plan clearly indicating compliance with this paragraph. Upon completion of the improvement, a certification from a licensed professional, as appropriate under Florida law, shall be submitted to the inspector in order to receive approval of the final inspection. More specifically, please obtain a site development permit for filling in the pond.</div></div> <div><div>Code:</div><div>PBC Amendments to FBC 8th Edition (2023) - 110.10</div></div> <div><div>Issued:</div><div>04/17/2025</div></div> <div><div>Status:</div><div>SIT</div></div>

Details:

All mechanical equipment, fireplaces and solid fuel-burning appliances shall be properly installed and maintained in a safe working condition and shall be capable of performing the intended function.

More Specifically: Mold Assessment Findings & Recommendations

Based on the assessment conducted by Niv Barazani, a Licensed Mold Assessor (Lic# MRSA2772), it's recommended that mold remediation be carried out by a licensed professional. This recommendation is based on the following:

-Background information and visual assessment.

-Laboratory-tested mold samples.

-Moisture content findings.

-Microbial growth that either exceeds or potentially exceeds (in hidden areas) 10 square feet.

Additional Actions & Considerations:

-Properly seal all duct registers and air vents.

-Replace the missing cover on the light fixture in the kitchen.

-Install a dehumidifier in the attic, as the current humidity level is 70% with a 70-degree dew point. This will help moderate humidity.

-Consult with a building performance specialist for further guidance.

Development other than Buildings and Structures: The Floodplain Administrator shall inspect all Development to determine compliance with the requirements of this Article and the conditions of issued Floodplain Development Permits or Approvals.

On all new, permitted construction, regardless of flood zone designation, grading shall keep all rainfall and runoff flow on the Building site until discharged into the roadway drainage system or to public drainage ways adjacent to the property lines. Berms shall be constructed along lot lines, if necessary, to prevent stormwater flow directly onto adjacent properties. Erosion sedimentation off the Building site shall be controlled until vegetative cover is established. The Floodplain Administrator may require grading plans showing pre-construction and proposed finish earth grades. Please obtain a site development permit for the clearing of the lot and for the fill dirt.

Details: All construction activity regulated by this code shall be performed in a manner so as not to adversely impact the condition of adjacent property, unless such activity is permitted to affect said property pursuant to a consent granted by the applicable property owner, under terms or conditions agreeable to the applicable property owner. This includes, but is not limited to, the control of dust, noise, water or drainage runoffs, debris, and the storage of construction materials. New construction activity shall not adversely impact legal historic surface water drainage flows serving adjacent properties, and may require special drainage design complying with engineering standards to preserve the positive drainage patterns of the affected sites. Accordingly, developers, contractors and owners of all new residential development, including additions, pools, patios, driveways, decks or similar items, on existing properties resulting in a significant decrease of permeable land area on any parcel or has altered the drainage flow on the developed property shall, as a permit condition, provide a professionally prepared drainage plan clearly indicating compliance with this paragraph. Upon completion of the improvement, a certification from a licensed professional, as appropriate under Florida law, shall be submitted to the inspector in order to receive approval of the final inspection. More specifically, please obtain a site development permit for the clearing of the lot and for the fill dirt.
