

**KEY TO MAP**

500-Year Flood Boundary	Zone B
100-Year Flood Boundary	Zone A1 DATE
Zone Designations* With Date of Identification e.g. 12/2/74	Zone A5 DATE
100-Year Flood Boundary	Zone B
500-Year Flood Boundary	
Base Flood Elevation Line With Elevation In Feet**	513
Base Flood Elevation In Feet Where Uniform Within Zone**	(EL 987)
Elevation Reference Mark	RM7x
Zone D Boundary	
River Mile	M1.5

\*\*Referenced to the National Geodetic Vertical Datum of 1929

**\*EXPLANATION OF ZONE DESIGNATIONS**

ZONE	EXPLANATION
A	Areas of 100-year flood; base flood elevations and flood hazard factors not determined.
A0	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; average depths of inundation are shown, but no flood hazard factors are determined.
AH	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; base flood elevations are shown, but no flood hazard factors are determined.
A1-A30	Areas of 100-year flood; base flood elevations and flood hazard factors determined.
A99	Areas of 100-year flood to be protected by flood protection system under construction; base flood elevations and flood hazard factors not determined.
B	Areas between limits of the 100-year flood and 500-year flood; or certain areas subject to 100-year flooding with average depths less than one (1) foot or where the contributing drainage area is less than one square mile; or areas protected by levees from the base flood. (Medium shading)
C	Areas of minimal flooding. (No shading)
D	Areas of undetermined, but possible, flood hazards.
V	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors not determined.
V1-V30	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors determined.

**NOTES TO USER**

Certain areas not in the special flood hazard areas (zones A and V) may be protected by flood control structures.

This map is for flood insurance purposes only; it does not necessarily show all areas subject to flooding in the community or all planimetric features outside special flood hazard areas.

For adjoining map panels, see separately printed Index To Map Panels.

Coastal base flood elevations shown on this map include the effects of wave action.

INITIAL IDENTIFICATION:  
JUNE 17, 1970

FLOOD HAZARD BOUNDARY MAP REVISIONS:

FLOOD INSURANCE RATE MAP EFFECTIVE:  
FEBRUARY 1, 1979

FLOOD INSURANCE RATE MAP REVISIONS:  
Map revised October 15, 1982 to change special flood hazard areas and corporate limits.

To determine if flood insurance is available in this community, contact your insurance agent, or call the National Flood Insurance Program, at (800) 638-6620.

**ELEVATION REFERENCE MARKS**

REFERENCE MARK	ELEVATION (FT. NGVD)	DESCRIPTION OF LOCATION
RM54*	13.20	Location Riviera Beach, Florida on Blue Heron Road. To reach: from the intersection of U.S. Highway No. 1 and Blue Heron Road, go west on Blue Heron Road 2.3 miles to station location. Station is on north side of road, 24.8 feet from edge of pavement, 189.5 feet east of bridge crossing Canal C-17; 1.3 feet north of fence; 51 feet east of fence corner. Mark is a standard U.S. Army Corps of Engineers bronze disk set in a round 8-inch concrete monument flush with the ground, stamped FCE-3075, 1968. Station site is marked by a U.S. Army Corps of Engineers sign on a white 2-inch by 4-inch board approximately 3 feet high. Az. Mark is FCE-3074. Station is located on the southwest bank of the Seaboard Coast Line Railroad trestle west of West Palm Beach. To reach: from West Palm Beach go north on U.S. Highway 1 to 49th Street; west on 49th Street across Florida East Coast Railway to Greenwood Avenue; south on Greenwood Avenue two blocks to 45th Street; west on 45th Street, 1.8 miles to 45th Street bridge; north on canal from the bridge to a railroad trestle (Seaboard Coast Line trestle no. 965); then west along railroad 300 feet to station location. Station is on the southwest slope of the railroad fill, 14.1 feet from the base of the southwest rail. North 30 degrees 45 feet west 43.7 feet from telephone pole E48, and approximately 300 feet northwest from the trestle. Mark is a U.S. Army Corps of Engineers bronze traverse disk set in an 8-inch round concrete monument approximately 3 feet below the top of the grade and stamped FCE-977, 1951.
