EXPLANATION OF ZONE DESIGNATIONS

ZONE	EXPLANATION
A	Areas of 100-year flood; base flood elevations and flood hazard factors not determined.
A0	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; average depths of inundation are shown, but no flood hazard factors are determined.
AH	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; base flood elevations are shown, but no flood hazard factors are determined.
A1-A30	Areas of 100-year flood; base flood elevations and flood hazard factors determined.
A30	Areas of 100-year flood to be protected by flood protection system under construction; base flood elevations and flood hazard factors not determined.
B	Areas between limits of the 100-year flood and 500-year flood; or certain areas subject to 100-year flooding with average depths less than one (1) foot or where the contributing drainage area is less than one square mile; or areas protected by levees from the base flood. (Medium shading)
C	Areas of minimal flooding. (No shading)
D	Areas of undetermined, but possible, flood hazards.
V	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors not determined.
V1-V30	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors determined.

NOTES TO USER

Certain areas not in the special flood hazard areas (zones A and V) may be protected by flood control structures.

This map is for flood insurance purposes only; it does not necessarily show all areas subject to flooding in the community or all planimetric features outside special flood hazard areas.

For adjoining map panels, see separately printed Index To Map Panels.

Coastal base flood elevations shown on this map include the effects of wave action.

ELEVATION REFERENCE MARKS

REFERENCE MARK	ELEVATION (FT. NGVD)	DESCRIPTION OF LOCATION
RM1	16.89	Station is located at the centerline of Fla-Mango Road where it bridges over Canal L-6. Established by Florida Geological Survey or U.S. Geological Survey.
RM2	13.67	Station is located approximately 360 feet west from Fla-Mango Road on Forest Hill Boulevard 5 feet west of west end of median on centerline of median to east. Established by Florida Geological Survey or U.S. Geological Survey.
RM3	13.28	Station is located on the centerline of West End Road approximately 290 feet east of its crossing with Prairie Road. Established by Florida Geological Survey or U.S. Geological Survey.
RM4	14.85	Station is located at the center of the intersection of 2nd Avenue North and Engle Road. Established by Florida Geological Survey or U.S. Geological Survey.
RM21	19.32	Station is located on the centerline of the east sidewalk of Military Trail (State Route 809) approximately 75 feet north of its intersection with Cresthaven Boulevard. Established by Florida Geological Survey or U.S. Geological Survey.
