Re: WALL - Gun Club Colony, Plat Book 29, Page 249, 250

Dear Mr. Kendall:

Pursuant to our telephone conversation regarding the subject property, please be advised that in the original discussion relative to set backs for this project, with Mr. Jan Wolfe and Mr. Tracy Bennett of the County Engineering Department, the question of a permanent wall being constructed along Haverhill Road and Gun Club Road on the utility easement was an item taken under consideration.

The final determination was that no wall would be permitted on the easement, however, there would be no objection to a hedge being used as a screen or separation provided the height restrictions of the Zoning Code were observed.

If you have any further questions on this, or any other matters, please feel free to contact this Department at any time.

Very truly yours,

C. R. Crosby
Building Official
