RE: Postponement for Control No. 1997-034
Applications: SV/ZV/ABN/DOA-2021-01529

Dear Ms. Amara,

This letter is to request a postponement for the above referenced application. I am the agent for the property owner, and I have attached the updated agent consent forms hereto for your reference. We will formally file the forms with our next resubmittal.

On April 18, 2022 a postponement request was filed by Joni Brinkman, who was serving at that time as agent for the project. Since that date the property owners filed a request for mediation under the "Florida Land Use and Environmental Dispute Resolution Act." Upon review of all outstanding issues with the County's staff and legal teams, the request for mediation has been stayed in hopes that the issues may be resolved through the standard Zoning Division public hearing process.

We are currently revising the site plan to eliminate the variances that were denied by the Zoning Commission, along with those rendered moot by the County's re-designation of the surrounding lands. It is our intent to submit those plans for County review in September.

Accordingly, we request that the Board of County Commission hearing on the application be postponed until such time as the County has reviewed and certified the "no-variance" plans for hearing. We acknowledge that this postponement request will extend the application beyond

the timelines provided for in Florida Statute 125.022 and hereby agree that this extension is necessary and warranted in light of the unusual circumstances surrounding this project and application.

Based on the foregoing, we request an extension to the 180-day deadline and postponement to the January 11th Board of County Commissioner's hearing. We recognize that if DRO certification isn't received in time for that hearing, an additional postponement request will be required.
