

MAP TE 14.1 THOROUGHFARE RIGHT OF WAY IDENTIFICATION MAP

THE INTERSECTION OF ALL THOROUGHFARES INTERSECTING AT GRADE SHALL HAVE THE RIGHT-OF-WAY PROTECTED TO PROVIDE FOR AN EXPANDED INTERSECTION WITH SPECIAL LANES. THIS RIGHT-OF-WAY SHALL BE AS DETAILED IN THE SPECIAL INTERSECTION TREATMENT DRAWINGS. THE COUNTY ENGINEER SHALL HAVE THE DISCRETION TO WAIVE THE EXPANDED INTERSECTION REQUIREMENT WHERE HE DETERMINES THAT EXISTING DEVELOPMENT MAKES THE REQUIREMENT UNFEASIBLE.

POLICY 1.4.0: The rural roadway concept is established to protect the rural character of roadways outside of the urban/suburban line, and from roadways identified on the conceptual plan of an agricultural enclave designated pursuant to FLUE policies 2.2.5.4 and 2.2.5.6. Rural roadways shall accommodate future transportation planning needs to ensure that the cross-section and alignment of the roads preserves the rural residential lifestyle, sense of place and quality of life of the adjacent areas. For properties fronting on rural roadways, a portion of the designated right-of-way may be retained in private ownership provided that the property owner dedicates a parkway easement to Palm Beach County for non-vehicular pathways. Such dedications shall only be required when consistent with the criteria contained in transport policy 1.4.4. The following roadway segments are hereby designated as rural roadways:

- Northlake Blvd. from Seminole Pratt Whitney Rd to the western edge of the Palm Beach Gardens Municipal Golf Course, with a 50 ft easement on each side of the road being dedicated exclusively for multipurpose paths.
- Lyons Rd. from Atlantic Ave to Boynton Beach Blvd. with a 100 ft easement on each side in order to accommodate multipurpose pathways. Undulating berms, no taller than five feet and landscaped with native vegetation, shall be required. No walls or signs shall be allowed within the parkway easements.
- Persimmon Blvd. from 140th Ave North to approx. 3,700 ft east of Seminole Pratt Whitney Rd (as measured along the centerline, and not located within an urban or suburban tract), a 50 ft easement on each side in order to accommodate multipurpose pathways landscaped with at least 70% native vegetation, shall be required. No walls or signs shall be allowed within the parkway easements. However, a pair of context-sensitive community identification monuments may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director.
- 140th Ave North from the municipal boundary of Loxahatchee Groves to 80th St North, a 50 ft easement on the west side in order to accommodate a multipurpose pathway landscaped with at least 70% native vegetation, shall be required. No walls or signs shall be allowed within the parkway easements. The future "town center parkway" within the agricultural enclave, from 80th St North to approx. 2,500 ft east of Seminole Pratt Whitney Rd (as measured along the center-line, and not located within an urban or suburban tract), a 50 ft easement on each side in order to accommodate multipurpose pathways landscaped with at least 70% native vegetation, shall be required. No walls or signs shall be allowed within parkway easements. However, a pair of context-sensitive community identification monuments may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director.
- Seminole Pratt Whitney Rd from Sycamore Dr to Persimmon Blvd. and from 140th St North to 80th St North, an 80 ft easement on each side in order to accommodate multipurpose pathways landscaped with at least 70% native vegetation, shall be required. No walls or signs shall be allowed within the parkway easements. However, for each segment, a pair of context-sensitive community identification monuments may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director. "Estrane signs" for a district park located adjacent to the rural parkway easement may also be allowed within the rural parkway easement, subject to the approval by the planning director.
- 80th St North from 140th Ave North to the M-Canal crossing at 50th Lane North, a 50 ft easement on the south side in order to accommodate a multipurpose pathway landscaped with at least 70% native vegetation, shall be required. No walls or signs shall be allowed within the parkway easements.
- 50th Ave North from the north property line of Indian Trails Grove PUD to Orange Blvd., a minimum 80 ft easement on the west side in order to accommodate a multipurpose paved pedestrian pathway and equestrian trail landscaped with at least 70% native vegetation shall be required. No walls shall be allowed within the parkway easement. However, a pair of context-sensitive community identification monuments may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director.
- 190th St North adjacent to the Indian Trails Grove PUD, a minimum of 50 ft wide easement on the east and west side in order to accommodate a multipurpose paved pedestrian pathway and equestrian trail landscaped with at least 70% native vegetation, shall be required. No walls shall be allowed within the parkway easements. However, a pair of context-sensitive community identification monuments may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director.
- Orange Blvd from 180th Ave North to 190th St North, a minimum of 50 ft wide easement on the north in order to accommodate a multipurpose pathway and equestrian trail and a 50 ft wide easement on the south side to accommodate a multipurpose pathway, both landscaped with at least 70% native vegetation, shall be required. No walls shall be allowed within the parkway easements. However, a pair of context-sensitive community identification monuments may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director.
- 80th St North from the western limits of the M-1 Canal to 190th St North, a minimum of 50 ft wide easement on the south side of 60th St North in order to accommodate a multipurpose paved pedestrian pathway from the eastern limits of the Indian Trails Grove PUD to the westernmost PUD entrance and equestrian trail from the eastern limits of the PUD to the westernmost PUD entrance) with at least 70% native vegetation, shall be required. No walls shall be allowed within the parkway easements. However, a context-sensitive community identification monument may be permitted provided they are more than 400 ft from the terminus of the parkway easement, subject to approval by the planning director.
