What is the review criteria for Approval for an Administrative Time Extension?

- *Attempts by the applicant to complete the unfulfilled condition;*
- *Any changed circumstance which may have interfered with the ability of the property owner to meet the requirement;*
- *Actions of other parties that may have precluded compliance; and the property owner will be notified in writing of the approval or denial of the time extension request. Extensions commence upon the expiration of the date to comply with the time requirement;*

- *There must be no outstanding liens, fines or code violations on the affected properties.*

What are the maximum time periods for an Administrative Time Extension?

- *Typically, an administrative time extension of up to twelve (12) months may be granted unless the condition is a “no permits after due date” or Traffic Performance Standards condition.*
- *Subsequent applications may be filed; however, total administrative extensions approved shall not exceed twenty-four (24) months except when government caused delays can be documented as the reason for failure to meet the required deadlines.*
- *If the Board of County Commissioners has previously approved a time extension, any administrative extensions of time shall not extend more than twenty-four (24) months from the original date for compliance except when there have been government caused delays.*
