

Instructions for accessing and querying ezINFO Historical Control (aka Petition number) Information

From the PZB Home page “click on the ezINFO link” under the Interactive Information on the right side of the screen and then select Control Number History from the ezInfo screen and the following is what you will see:

The screenshot shows the PZB ezINFO website with the 'Control No. History' page selected. The navigation bar includes links for Common, Building, Contractors Certification, and Zoning. The search criteria are set to 'Application No' with a dropdown menu showing '2015'. Search and Reset buttons are present. A note at the bottom states: '*Note: Comments (Comm) and Conditions (Cond) links are available for active applications only.'

There are several search features that you can choose from. The results will display all applications associated with the search criteria.

This screenshot shows the same PZB ezINFO website, but with search results displayed. The search criteria are now 'Control No' with '2004' in the year field and '009' in the number field. The results table shows 9 records. The table has columns for Application No, Date, Control No, Control Name, Application Name, Applicant Name, Agent Name, Project Mgr, Parcel Address, Comm-ents*, Cond-itions*, and Project Att-entions*. The results are as follows:

Application No	Date	Control No	Control Name	Application Name	Applicant Name	Agent Name	Project Mgr	Parcel Address	Comm-ents*	Cond-itions*	Project Att-entions*
