

RESOLUTION NO. R-80-1249

RESOLUTION APPROVING ZONING PETITION

WHEREAS, the Board of County Commissioners, as the governing body, pursuant to the authority vested in Chapter 163 and Chapter 125, Florida Statutes, is authorized and empowered to consider petitions relating to zoning; and

WHEREAS, the notice and hearing requirements as provided for in Chapter 402.5 of the Palm Beach County Zoning Code Ordinance No. 73-2 have been satisfied; and

WHEREAS, Petition No. 80-158 was presented to the Board of County Commissioners of Palm Beach County at its public hearing conducted on 28 August 1980; and

WHEREAS, the Board of County Commissioners has considered the evidence and testimony presented by the applicant and other interested parties and the recommendations of the various county review agencies and the recommendations of the Planning Commission; and

WHEREAS, the Board of County Commissioners made the following findings of fact:

1. The proposal would be in harmony and compatible with the present and future development of the area concerned
2. The proposal would not be disruptive to the character of the neighborhoods or adverse to playgrounds, parks, schools and recreation areas
3. The proposal would not be adverse to the promotion of the public health, safety, comfort, convenience, order, appearance, prosperity or general welfare

5. The developer will take reasonable precautions during the development of this project to insure that fugitive particulates (dust particles) from the project do not become a nuisance to neighboring properties.
6. Petitioner shall enter into a formal contract with the School Board of Palm Beach County to contribute four-tenths (4/10) of one percent (1%) of the selling price of each residential dwelling unit in this planned unit development on a one time initial sales basis. However, if an ordinance dealing with this subject matter is adopted, this condition will be superseded by that ordinance; except that regardless of the form or status of any ordinance, this development shall be required to provide as a minimum the above 4/10ths of 1% of the initial sales price toward alleviating some of the development's school impact.
7. Petitioner shall construct a combination pedestrian sidewalk/bicycle path for the length of property along Lawrence Road and Hypoluxo Road along the ultimate right-of-way line of above mentioned roads.

Commissioner Foster moved for approval of the petition.
