Executive Director
Palm Beach County Tourist Development Council
2195 Southern Blvd., Suite 500
West Palm Beach, FL 33406

Dear Mr. Perry,

Palm Beach County is undoubtedly the Major League Baseball (MLB) Spring Training Capital of Florida. Since 1998, Palm Beach County has been home to Roger Dean Chevrolet Stadium in Jupiter, which was the first baseball complex in Florida to host two (2) MLB teams for Spring Training. Today, Roger Dean Chevrolet Stadium is occupied by the Miami Marlins and St. Louis Cardinals. In 2017, Palm Beach County delivered Florida its second two (2) team MLB Spring Training Complex with the development of Cacti Park of The Palm Beaches. Located in West Palm Beach, Cacti Park of The Palm Beaches is the spring training home to the Houston Astros and Washington Nationals. The Palm Beaches represent Florida's only county that maintains two, two-team complexes. In total, four (4) of the fifteen (15) MLB teams participating in Florida's Grapefruit League are playing baseball in Palm Beach County.

Cacti of The Palm Beaches' seating capacity is over 7,700 for a single game while Roger Dean Chevrolet Stadium's seating capacity reaches nearly 7,000 per game. Palm Beach County was home to 25% of Florida's spring training games in 2024. Between Cacti Park of The Palm Beaches and Roger Dean Chevrolet Stadium, a total of 55 spring training games took place in The Palm Beaches. The total attendance for this spring training season equaled 223,774, which represents 62,150 unique attendees.

The Palm Beach County Sports Commission sourced Downs & St. Germain Research to conduct an economic impact study for the 2024 MLB Spring Training season taking place at Cacti Park of The Palm Beaches and Roger Dean Chevrolet Stadium. Downs & St. Germain Research is a full-service market research firm based in Tallahassee, which was sourced by the Florida Sports Foundation to produce an economic impact study on Florida's Grapefruit League, in 2018.

In 2024, MLB Spring Training generated a total economic impact of \$77.1 million in Palm Beach County. Cacti Park of The Palm Beaches accumulated a total attendance of 96,607 over 27 games with an economic impact of \$41 million. Roger Dean Chevrolet Stadium amassed a total attendance of 127,167 over 28 games while spurring an economic impact of \$36 million. Most MLB Spring Training baseball attendees signify visitors with 55% representing nonresidents. A total of 43% of attendees traveled from across the nation while 12% of the attendees traveled from across Florida. **MLB Spring Training is responsible for 57,100 room nights in Palm Beach County hotels, vacation rentals, and other paid accommodations.**

The attendance, economic impact, and tourism benefits can be influenced by many factors, but Palm Beach County is fortunate to have partnerships with the Houston Astros, Washington Nationals, St. Louis Cardinals, and Miami Marlins. These teams represent vibrant travel markets that are important to Florida's economy. The Houston Astros are one of two MLB teams from Texas, which is the third largest origin state for Florida visitors. Houston ranks as the 12th biggest travel market for Florida. The Washington D.C. market is considered one of Florida's strongest origin markets, ranking five (5). Individuals from Washington D.C. and surrounding areas are seeking inspiration to visit the state. As one of the premier brands in Major League Baseball, the St. Louis Cardinals own a dedicated and loyal following from St. Louis and the surrounding Missouri towns, as well as the metro west Illinois area. The St. Louis Cardinals have one of the most faithful and active fan bases in sports and Palm Beach County is a routine spring vacation destination for these baseball enthusiasts across the Midwest. The Miami Marlins represent one of only two MLB franchises in Florida. The Miami Marlins created visits to Palm Beach County through drive markets.

Cacti Park of The Palm Beaches in combination with Roger Dean Chevrolet Stadium transformed Palm Beach County into the premier destination for amateur baseball events. The nation's largest baseball tournaments are taking place in Palm Beach County, including some of the most admired brands in amateur baseball. These baseball tournaments are utilizing Cacti Park of The Palm Beaches and Roger Dean Chevrolet Stadium, creating year-round activity. In addition to baseball, Cacti Park of The Palm Beaches has the capability of hosting a multitude of other sports activities. The complex features five (5) multi-purpose fields, designed to FIFA (Fédération Internationale de Football Association) soccer specifications. The multi-purpose fields are an ideal home for field sports, such as soccer, lacrosse, rugby, field hockey, flag and tackle football, and more. The economic benefits derived from amateur baseball tournaments and other sports activities are substantial.

Major League Baseball, and specifically, the, Houston Astros, Washington Nationals, St. Louis Cardinals, and Miami Marlins have been, and will continue to be an extremely beneficial

investment for Palm Beach County and the state of Florida. The Palm Beach County Sports Commission looks forward to utilizing baseball as a catalyst in generating tourism, visitor spending, and hospitality-related jobs in 2025.

Sincerely,

George Linley
